Request

(cross the box chosen and the specific request subject with an X)

confirmation that you are holding my personal data collected and recorded by the company to supply electronic commerce services or other activities;

to be informed:

- of where the personal data comes from;
- of how processing takes place and for what purpose;
- of the logic applied when said data is processed using electronic tools;
- of details of the controller, the data processors and the representative appointed pursuant to article 5, clause 2 of the privacy code;
- subjects and subject categories who can be given personal data or gain knowledge of it, as the representative appointed in the State, of those responsible or appointed.

to obtain:

- the updating, rectification or, when of interest, integration of data (indicate or attach the information to be added):
.....
- its cancellation, transformation into an anonymous format or being blocked if said data should have been processed in violation to the law; including any data that does not have to be kept for the purposes that data was collected or processed for (indicate reasons or expiry of the conservation term):
.....
- a declaration that operations in the previous points have been communicated, also for what concerns their content, to those who have received the data; this as long as said compliance is not impossible or does not require means that are manifestly disproportionate to the right being protected.

that my personal data being processed to send me advertising or direct selling material or for market research or commercial communication purposes be interrupted, as I object to that.
